CRITERION VII

7.3.1 Portray the performance of the Institution in one area distinctive to its priority and thrust.

Environment Sustainability Cell has promoted some skill oriented programs as preparing soil and fertilizers from kitchen waste. Making carry bags from newspaper waste and paper waste was a skill based idea that promoted polythene prohibited environment which promotes healthy and safe environment.

Environment Sustainability Cell

Activity-1

Plantation Process & Preparing Fertilizer	
Date	From 01/04/2024 to 02/04/2024
Number of students	UG 10
Activity Details	Dr. Reena Tandon taught how to prepare soil for plants using kitchen waste as a fertilizer, after preparing the soil on 01/04/2024, next day 02/04/2024 students learned how to plant.
Outcome	Students took interest in the process of plantation and aware others on how to use kitchen waste for your plants. Our Principal requested all the teachers to plant one tree on their birthdays.

Department of Commerce organizes awareness programs related to finance, banking, management and accounts. Young generation is tech savvy but less informed about the savings, managing accounts, investment in mutual funds and stock market. An awareness program like two days training session and a guest lecture on “Entrepreneurship Skill” by Dr. Prateek Verma was also conducted regarding the same. A BBA retail course is also running in college regarding the career oriented job skill in which 3 days are allotted for theory classes and 3 days for practical skills in market weekly. Ms. Shambhavi Shukla, a

guest speaker, taught students about the communication skill under the aegis of BBA retail course. Mr. Sameer Narasapur, Head Standards & QA (RASCI) delivered lecture on importance of skill development program and also made them understand the benefits of doing this type of output/career oriented course. In Industry Talk-Program, Mr. Ashutosh delivered a lecture on retail business and its importance in career opportunities.

Activity-3

Department of Commerce
